## **AFFIDAVIT FOR EXEMPTION FROM CONTINUING EDUCATION REQUIREMENTS (Form CE/AFF-304)**

Pursuant to KRS 304.9-295(3)(d) and 806 KAR 9:220 Section 7, the licensee may file an Affidavit swearing under penalty of perjury that his or her license is being maintained for the sole purpose of receiving renewals or deferred commissions. The Affidavit exempts the licensee from continuing education requirements for the State of Kentucky, but it does **not** exempt the licensee from license renewal, financial responsibility, or other requirements for maintaining a license as set forth in KRS 304 Subtitle 9.

The individual is **prohibited** from any new insurance activity which constitutes conducting the business of insurance, including soliciting, advertising, explaining coverage, quoting rates, taking applications, writing business, or accepting premiums until the Affidavit is withdrawn in accordance with 806 KAR 9:220, Section 7.

## **WITHDRAWAL OF AFFIDAVIT**

In order to withdraw an Affidavit in accordance with 806 KAR 9:220 Section 7, the licensee must

- ☐ Complete continuing education requirements for the immediate preceding continuing education biennium,
- ☐ Submit proof of completion of continuing education requirements, and
- ☐ Withdraw the Affidavit by written request, which must include the licensee's DOI number, name, and signature.

The continuing education required above will take care of all **past** continuing education periods from which the licensee was exempt. But once the Affidavit is withdrawn, the licensee will need to meet the continuing education requirements of the **current** continuing education biennium before the current biennium ends.
